

Statement

In these difficult times it is important that we all do our best to keep ourselves and our families safe and to minimise risk. However, it is also important that we all look out for and help our neighbours as best we can, particularly those who are elderly, infirm and living alone.

Attempting to provide a comprehensive statement and recommendations covering all aspects of the Coronavirus outbreak would be out of date, possibly within hours of publication. We suggest the best guidance is to adopt a common sense approach to cleanliness and contact with others, but to respond to the regular updates from informed sources.

The following actions are suggested:

1 Offer your neighbours, and especially the vulnerable ones, assistance if needed. For those adopting self- isolation, ensure they are able to obtain essential supplies. For those concerned about anyone and think they may need extra help or support, please contact Helen Chaffey on 01524 762395 or 07496 751727.

In addition, a Facebook Page has been set up called Arnside Volunteer Group where you can find out how to help in practical ways.

2 Maintain regular contact with news reports in the press, on radio and television broadcasts and through internet connections.
